 linkedin.com/in/kennamgung

Graduate of a Web Development program and a current interactive design student who enjoys expressing artistry through involvement in the local dance communities. Invests time in directing dance performances and instituting a positive and passionate environment for all levels of dancers and performers.

After achieving my Web Development Diploma, I am currently exploring the technologies and stack of mobile development.

EXPERIENCE

Front End Engineering | Faire

MAY 2020 - AUGUST 2020 WATERLOO, ON

- Ensured a positive trend in Faire's GMV in weekly sprints by developing new features to relieve pain points for the brand's order management experience.
- Established constant communication to avoid unnecessary conflicts and assure progress working from home.

Director | Limelight Dance Crew

JAN 2018 - PRESENT WATERLOO, ON

- Contributes in diversifying Waterloo's Dance Community by marketing Limelight's performances and Youtube channel
- Efficient tools utilization and work habits reduce average production time by 2 weeks

Motion Graphic Designer | Fashion For Change

OCT 2018 - APRIL 2019 WATERLOO, ON

- Conducted a team of videographers to film, edit and produce 50% of all the scene shoots for the final show.

PROJECTS

Subtle | BrainStation Capstone Project

github.com/knamgung/subtle React.js | GraphQL

- Subtle is a machine-learning application that analyzes poses in photographs to provide a summary of repetitive gestures.

Pooler | Personal Project

github.com/knamgung/pooler React Native

- A mobile rideshare application that provides passengers with consistent reliable rides, and drivers with solution to cost calculation and payment receiving capabilities.

SKILLS
